This is just an update that we have completed responses to the below citizens and stakeholders regarding Upper Cement Creek. We adapted the same letters approved for elected officials and they are being mailed today with Mike's signature. I am currently aware of only one outstanding letter from a citizen by the name of Jerry Sandell but he did not include his address or email. If anyone has his contact info please let me know and we can also respond to him.

Please let me know if you would like copies of the specific letters.
